PREFACE	...	v
<b>PART ONE</b>		
CHANGING WORLD CLIMATE-- <i>Tadashi Asakura</i>	...	3
Human Activity and Natural Resources	...	3
Climatic Change in the Past	...	4
When Will the Next Ice Age Come?	...	6
Polar Vortex and Abnormal Weather	...	8
New Period of Cold Climate	...	10
Little Ice Age and Poor Harvest	...	10
Ultra-long Range Forecast	...	14
SOLAR ENERGY AND WORLD CLIMATE-- <i>Jutaro Kobayashi</i>	...	16
Succession of Abnormal Weather	...	16
Energy Balance of the Earth	...	17
Circulation of the Atmosphere	...	18
Model Experiment of General Circulation	...	20
Calculation of General Circulation	...	21
Is a Change in Solar Radiation Responsible?	...	23
WATER OF THE WORLD-- <i>Isamu Kayane</i>	...	25
The Quantity of Water in the World is 1,380,000,000 km <sup>3</sup>	...	25
Ocean, Ice and Underground Water	...	26
Circulation of Water	...	27
World Weather Watch	...	30

WIND SYSTEMS OF THE WORLD-- <i>Takeshi Sekiguchi</i>	...	32
Names of Local Wind	...	32
Following the Trials of the Wind	...	33
Tropical Easterlies--the Trade Winds	...	35
Westerlies in the Temperate Zone	...	36
Monsoon	...	40
Climatic Zones of the World According to Wind System	...	41

## PART TWO

### I. MONSOON

SEASONAL WINDS-- <i>Koichiro Takahashi</i>	...	47
The Meteorological Situation	...	47
Monsoon Type Climate	...	49
Seasonal Wind and Rainy Season	...	50
Relationship between Seasonal Wind and the Yearly Change of Temperature	...	51
Winter Seasonal Wind	...	52
Many Unsolved Problems	...	54
RAIN AND DROUGHT IN INDIA AND PAKISTAN-- <i>Eizo Marayama</i>	...	56
Marked Differences between the Wet and Dry Seasons	...	56
Heavy Damage to Crops	...	58
PLUM RAINS AND THE TIBETAN PLATEAU-- <i>Tadashi Asakura</i>	...	60
Relation with Indian Monsoon	...	60
Tibetan Plateau and the World Weather	...	61
Monsoon and the Tibetan Plateau	...	63
Monsoon Activity and Japanese Climate	...	66
Heat Source--The Tibetan Plateau and the Chill Source--The Sea of Okhotsk	...	70

FOUR SEASONS OF THE MEDITERRANEAN REGION-- <i>Junkichi Nemoto</i>	...	72
Differences between the Monsoon Climate and the Mediterranean Climate	...	72
The Nature of Wind Symbolized by the Eight Gods	...	74
Sirocco and Its Relatives	...	78
II. CLIMATE OF THE TROPICAL ZONE		
WIDENING DESERTS-- <i>Takeshi Sekiguchi</i>	...	82
Delineation of Arid Zone Boundary	...	82
The Second World War Changed the Desert	...	84
Water Mass that Strikes Suddenly	...	85
Degradation through Human Activities	...	86
Tree-Planting Scheme	...	88
COASTAL DESERTS-- <i>Takeshi Sekiguchi</i>	...	89
Advent of <i>El Niño</i>	...	89
The Dry Fog <i>Garua</i>	...	91
The Flat Land on the Rocky Cliff	...	92
ARID ZONE OF BRAZIL-- <i>Takeshi Sekiguchi</i>	...	95
What is the Secca Region?	...	95
Highly Variable Precipitation	...	97
TROPICAL RAIN AND THE INTERTROPICAL CONVERGENCE ZONE-- <i>Kiyoshi Tsuchiya</i>	...	101
The Energy Source of Tropical Weather	...	101
Complicated Distribution of Precipitation	...	101
Seasonal Changes in Precipitation	...	103
What is the Intertropical Convergence Zone?	...	106
Intertropical Convergence Zone and the Climate	...	108
Intertropical Convergence Zones Observed from Satellites	...	109
Periodicity Observed in the Analysis of Clouds	...	110

CHANGING WATER LEVEL OF LAKE VICTORIA-- <i>Junkichi Nemoto</i>	...	112
Precipitation Index of the Equatorial Zone	...	112
Sun Spots and the Water Level	...	113
Indication of Climatic Change	...	115
TROPICAL COLD WAVES-- <i>Takeshi Sekiguchi</i>	...	117
Experience in Brazil	...	117
A Fur Coat was Needed	...	120
III. RAINSTORMS OF THE WORLD		
TYPHOONS-- <i>Kazuo Watanabe</i>	...	122
Typhoons in the Tropics	...	122
Real Nature of the Typhoons	...	123
Genesis of the Typhoon as Observed by Weather Satellites	...	124
Disasters at Sea Caused by Typhoons	...	125
Improving Warning Systems	...	128
CYCLONES-- <i>Kazuo Watanabe</i>	...	130
Tragedy of the Pakistan Cyclone	...	130
Scales and Modes of Cyclones	...	131
Cyclones in the South Pacific	...	133
HURRICANES-- <i>Kazuo Watanabe</i>	...	135
San Xenon Hurricane	...	135
Average of 16 Hurricanes per Year in the East Pacific	...	136
WINTER STORMS-- <i>Kazuo Watanabe</i>	...	138
The Near and Rear of a Cold Front	...	138
Dangerous Freezing of a Hull	...	141
IV. LOCAL WINDS		
BORA AND FOEHN-- <i>Masatoshi Yoshino</i>	...	143
Origin and Characteristics	...	143

Favorable Topographical Conditions	...	145
Difference in Vertical Structures	...	147
Lee Wave or Mountain Range Waves	...	150
Changes in Wind Velocity, Atmospheric Temperature and Humidity	...	152
The Snow Eater	...	154
What are the Differences between the Two?	...	155
WINDSPOUTS AND TORNADOES-- <i>Moriye Shimada</i>	...	156
Big Three Tornadoes of America	...	156
Three Kinds of Whirlwinds and the Direction of Their Rotation	...	159
Tornadoes Occurring in Highly Developed Regions	...	161
Can the Occurrence of a Tornado be Forecast?	...	163
BLIZZARDS-- <i>Michio Yamasaki</i>	...	165
Its Origin and Basis	...	165
Antarctica: The Home of Blizzards	...	166
Blizzard near the Showa Base	...	168
V. CLIMATE OF POLAR REGIONS		
WEATHER OF THE SOUTH POLE-- <i>Michio Yamasaki</i>	...	170
Lowest Temperature Recorded -88.3°C	...	170
Temperature Pattern with a Long Low Period	...	171
Difference in the Temperature of the Warm Ocean and Antarctica	...	173
A Hot Story at the South Pole	...	174
WEATHER OF THE NORTH POLE AND THE ARCTIC COLD WAVE-- <i>Atsu Omura</i>	...	176
Different Objectives of Study	...	176
Heat Budget of the Arctic Circle	...	177
Characteristics of the Arctic Troposphere	...	179
Rapid Change in Seasons	...	181

High Atmospheric Pressure in the Arctic Region	...	183
Graveyard of Low Atmospheric Pressure Systems	...	185
The Arctic Cold Waves and Their Effects	...	187
TUNDRA-- <i>Hiroshi Kusunoki</i>	...	191
For Most of the Year the Temperature is below Freezing	...	191
Effects of the Arctic Air Mass	...	192
ICEFLOES AND ICEBERGS-- <i>Hiroshi Kusunoki</i>	...	195
Seasonal Changes in the Frozen Sea	...	195
The Shrinking Arctic Ocean	...	196
ICE AGE AND LITTLE ICE AGE-- <i>Keizo Higuchi</i>	...	198
Cooling Trend in the Northern Hemisphere	...	198
Regional Differences in Temperature Fall	...	199
Widening of Glaciers	...	200
Mechanism of Glacial Change	...	202
Movement of Glaciers and the Duration of Cold Season	...	203

### PART THREE

HUMAN ACTIVITY AFFECTING CLIMATE-- <i>Takao Komoto</i>	...	207
Urban Climate	...	207
Agriculture Changes the Climate	..	210
Influence of Air Pollution	...	211
Necessity of Climate Control	...	212
SMOG-- <i>Takeshi Kawamura</i>	...	215
Four Thousand Killed in London	...	215
Los Angeles--The Center of Photochemical Smog	...	217
Main Factors of Air Pollution in Tokyo	...	219
Control Measures against Environmental Pollution	...	221

AIR ROUTES AND WEATHER-- <i>Masayuki Noto</i>	. . .	223
Aviation on the Jet Stream	. . .	223
Sonic Flight Influenced by the Temperature	. . .	226
Runways that cannot be Used in the Daytime	. . .	226
Bad Weather Information for Aviation	. . .	227
CLIMATE AND LIFE-- <i>Hidekazu Kikuchihara</i>	. . .	229
Learning about Climate	. . .	229
Life Conditioned by the Climate	. . .	230
The World Weather Statistics	. . .	232
BIBLIOGRAPHY	. . .	250
