# The Weather Almanac

252/3245 INSTITUT  
FÜR METEOROLOGIE U. KLIMATOLOGIE  
UNIVERSITÄT HANNOVER  
HERRENHAUSER STR. 2 • 3000 HANNOVER 71

A Reference Guide to Weather, Climate, and Air Quality in the United States and Its Key Cities, Comprising Statistics, Principles, and Terminology. Provides Weather/Health Information and Safety Rules for Environmental Hazards Associated with Storms, Weather Extremes, Earthquakes, and Volcanoes. Also Includes World Climatological Highlights and Special Features on Weather, Climate, and Society and on Ozone in the Upper Atmosphere.

FIFTH EDITION

# CONTENTS

<b>INTRODUCTION</b> .....	1
<i>Scope of the Weather Almanac and its general usefulness is discussed. Sources of data and acknowledgments are noted.</i>	
<b>U.S. WEATHER, IN ATLAS FORMAT</b>	
TEMPERATURES ACROSS THE U.S. ....	6
<i>Temperature data for various key points in the U.S. are presented as charts on a U.S. map. Separate chart-maps for each of twelve months show month-to-month shifts.</i>	
PRECIPITATION ACROSS THE U.S. ....	30
<i>Data presented as charts on a U.S. map. Charts detail month-by-month precipitation normals for selected points around the U.S.</i>	
SNOWFALL ACROSS THE U.S. ....	32
<i>Data presented as charts on a U.S. map. Charts detail month-by-month snowfall normals for selected points around the U.S.</i>	
LAST FROST IN SPRING, FIRST FROST IN FALL .....	34
<i>Table for various points around the U.S. gives average annual dates for these frost occurrences and the growing seasons for these localities.</i>	
SUNSHINE ACROSS THE U.S. ....	36
<i>For key points in the U.S. the amount of sunshine received as a percentage of the sunshine possible at that latitude has been charted. Charts for all areas have been assembled on one U.S. map for easy comparison.</i>	
PREVAILING WIND DIRECTIONS ACROSS THE U.S. ....	40
<i>Wind data for various points in the U.S. are given in the form of notations on a U.S. map.</i>	
<b>STORMS, SEVERE WEATHER AND GEOPHYSICAL PHENOMENA</b>	
HURRICANES .....	42
HURRICANE SAFETY RULES .....	56
HURRICANE STATISTICS .....	58
TORNADOES .....	60
TORNADO SAFETY RULES .....	79
TORNADO STATISTICS .....	83
THUNDERSTORMS .....	86
THUNDERSTORM SAFETY RULES .....	89
LIGHTNING .....	90
LIGHTNING SAFETY RULES .....	93
LIGHTNING STATISTICS .....	94
FLOODS .....	95

FLOOD SAFETY RULES.....	96
FLASH FLOODS.....	97
FLASH FLOOD SAFETY RULES.....	98
FLOOD STATISTICS.....	99
WINTER STORMS.....	103
WINTER STORM SAFETY RULES.....	108
WIND-CHILL (EQUIVALENT TEMPERATURES).....	110
HEATING AND COOLING DEGREE DAYS.....	114
HEAT WAVE (DANGERS).....	118
HEAT WAVE SAFETY RULES.....	123
HEAT AND SUN FIRST AID.....	124
HEAT WAVE AND DROUGHT OF 1980.....	126
TEMPERATURE-HUMIDITY INDEX.....	136
LIVESTOCK WEATHER SAFETY INDEX.....	139
EARTHQUAKES.....	141
ACTIVE FAULTS OF CALIFORNIA.....	147
EARTHQUAKE SAFETY RULES.....	156
TSUNAMI (TIDAL WAVES).....	158
TSUNAMI SAFETY RULES.....	160
VOLCANOES.....	161
VOLCANO SAFETY RULES.....	173

**RETIREMENT AND HEALTH WEATHER**

A REVIEW OF SOME ATMOSPHERIC FACTORS IN HEALTH AND DISEASE ..	176
<i>Ideas about the effects of weather and climate on man's physical and emotional well-being are discussed. Tips on correlating various personal needs with climates of particular areas are offered.</i>	
JET-LAG OR TIME-ZONE FATIGUE.....	187

**AIR POLLUTION**

HOW SERIOUS IS AIR POLLUTION?.....	190
NATIONAL AMBIENT AIR QUALITY STANDARDS.....	193
POLLUTANT STANDARDS INDEX.....	194
URBAN AIR QUALITY.....	195
POLLUTANT STANDARDS INDEX TRENDS IN SELECTED U.S. CITIES.....	196
OZONE TRENDS BY SMSA's.....	202
CARBON MONOXIDE TRENDS BY SMSA's.....	206
REVISIONS IN STATE IMPLEMENTATION PLANS.....	214
STATE INSPECTION AND MAINTENANCE PROGRAMS.....	215
AIR POLLUTION AND WEATHER.....	221
NATURAL PHENOMENA AFFECTING AIR QUALITY.....	222
ACID RAIN.....	227

**WEATHER FUNDAMENTALS AND GLOSSARY**

WEATHER FUNDAMENTALS.....	232
<i>Components and processes of the weather are presented in this easy-to-follow text. Aimed at the layperson, it is an A-B-C type discussion which should provide the reader a reasonably good understanding of the "whys" and "hows" of weather changes.</i>	
GLOSSARY OF WEATHER TERMS.....	271

## **WEATHER INFORMATION AND COMMUNICATIONS**

- WEATHER RADIO .....282
- MARINE WEATHER .....284
- BE YOUR OWN FORECASTER .....285  
*Fahrenheit-to-Celsius conversion, the Beaufort Scale of Wind Effect, and other handy aids to reading Nature's advance weather signals are provided.*

## **WEATHER, CLIMATE, AND SOCIETY**

- WEATHER, CLIMATE, AND AGRICULTURE .....290  
*U.S. climatic diversity and its relation to American agriculture is discussed.*
- EFFECT OF WEATHER AND CLIMATE IN POWER PRODUCTION .....299  
*Weather variations and their effects on power production are examined.*
- HOW ENERGY TECHNOLOGIES AFFECT WEATHER AND CLIMATE .....302  
*Atmospheric effects of the by-products of energy production and use are analyzed.*
- THE CLIMATE SYSTEM AND PROCESS OF CLIMATIC CHANGE .....307  
*A view of the complex global climate system and its long-term changes is provided.*
- THE CARBON DIOXIDE PROBLEM .....311  
*The possible consequences of increased carbon dioxide in the atmosphere are analyzed.*

## **RECORD-SETTING WEATHER**

- U.S. AND WORLD WEATHER EXTREMES .....318  
*Tables and maps portray "Highest, Lowest, Wettest," etc.*

## **ROUND-THE-WORLD WEATHER**

- CLIMATES OF THE WORLD .....326  
*The climate of each continent is discussed separately in this text, which is supplemented by world climate maps.*
- WEATHER RECORDS FOR 550 CITIES OF THE WORLD .....334  
*A table listing the cities and their normal temperatures for the four seasons. Monthly precipitation normals are also listed.*

## **WEATHER OF 109 SELECTED U.S. CITIES (with 1951-1980 Climatic Normals and revisions of "Extremes," as well as climatic histories through 1985)**

- HOW TO READ THESE REPORTS .....357
- CITIES OF THE U.S. (ANNUAL CLIMATOLOGICAL SUMMARIES, LISTED ALPHABETICALLY BY STATE) .....362  
*These reports, comprising about half of this book, provide both narrative and statistical descriptions of the cities' climates and weather tendencies. Records of 30 years are included.*

**SPECIAL REPORT: ATMOSPHERIC OZONE**

**THE PROBLEM OF ATMOSPHERIC OZONE.....800**

*Synopsis of a global ozone research and monitoring project conducted by  
NASA, NOAA, FAA, WMO, and various international organizations.*

**INDEX.....805**
