WAVES AND TURBULENCE IN STABLY STRATIFIED FLOWS

Edited by S. D. MOBBS
and J. C. KING

Waves and Turbulence in Stably Stratified Flows

Based on the proceedings of a conference on Waves and Turbulence in Stably Stratified Flows, organized by The Institute of Mathematics and its Applications and held at the University of Leeds in December 1989

Edited by

S. D. MOBBS

CONTENTS

Contributors	xi
Turbulence collapse in stably stratified flows: application to the atmosphere by D. Etling	1
Structure of turbulence in stably stratified atmospheric boundary layers; comparison of large eddy simulations and theoretical models by S.H. Derbyshire and J.C.R. Hunt	23
Coastal Antarctic PBL flows under varying external influences by Ch. Kottmeier, P. Wachs and K. Sannemann	61
Vertical structure and downslope evolution of Antarctic katabatic flows by J-C. André, P. Pettré, G. Wendler and M. Zephoris	91
Contrasts between the Antarctic stable boundary layer and the mid-latitude nocturnal boundary layer by J.C. King	105
Acoustic sounder observations of low level jets at Halley, Antarctica by A.D. Culf	121
Acoustic observation of the peripheral Antarctic boundary layer by A.D. Culf and J.F.R. McIlveen	139
Large eddies in the stably stratified atmospheric boundary layer by J.M. Rees and S.D. Mobbs	155
Gravity wave propagation in a frontal environment by A.A. Samah and A.J. Thorpe	185

Some radiosonde observations of atmospheric gravity waves by G.J. Shutts and M. Kitchen	213
Local scaling in a simulated stable boundary layer by S.H. Derbyshire	227
Coherent baroclinic waves in a rotating, stably-stratified fluid and transitions to disordered flow by P.L. Read	243
Rossby wave propagation in an ocean with variable mixed layer depth by M.S. Darby and A.J. Willmott	275
Wake flows in stratified fluids by P.A. Davies, D.L. Boyer, H.J.S. Fernando and X.Z. Zhang	301
Effects of stratification on separated wakes: Part I, weak static stability by I.P. Castro	323
The dispersion of dense gases through obstacle arrays by E.J. Melia and R.E. Britter	347
Mathematical modelling of three-dimensional dense-gas dispersion problems by H.W.M. Witlox	363
Mixing produced by Rayleigh-Taylor instabilities by J.M. Redondo and P.F. Linden	395
Experimental investigation of a buoyant jet in a stratified crossflow by G.C. Hunter	423
On buoyant jets in plena, ambient stratification, and internal gravity waves by Y.L. Sinai	447
