

The background of the cover is a yellow color with an embossed map of Europe. The map features contour lines and numerical values such as 150, 100, 50, and 0, which likely represent elevation or temperature trends. The text is printed in a dark green color.

# Climate Trend Atlas of Europe

Based on Observations  
1891 - 1990

## TABLE OF CONTENTS

Preface	VII
1. Introduction	1
2. Purpose of analysis and reliability problems	5
3. Method of analysis	15
3.1. Data	15
3.2. Homogeneity tests	16
3.3. Trend analysis	21
3.4. Field analysis	25
4. Overview of results	30
4.1. Temperature	30
4.2. Pressure	32
4.3. Precipitation	33
4.4. Humidity	34
5. Some relations to upper air data	36
6. Conclusions	42
7. References	46
8. Presentation of charts	49
8.1. Temperature	50
8.2. Pressure	94
8.3. Precipitation	138
8.4. Humidity	188
Appendix A: Station and related homogeneity list	215
Appendix B: Some aspects of spectral variance	220
