## *Contents*

PREFACE.....	v
--------------	---

### PART I

#### THE ELEMENTS OF CLIMATE

Introduction.....	1
1. Air Temperature (Including Insolation).....	7
2. Atmospheric Pressure and Winds.....	52
3. Atmospheric Moisture and Precipitation.....	111
4. Air Masses and Fronts.....	149
5. Atmospheric Disturbances and Their Associated Weather Types.....	178

### PART II

#### THE WORLD PATTERN OF CLIMATES

#### CLIMATIC TYPES AND THEIR DISTRIBUTION

6. Classification of Climates and the World Pattern.....	223
7. The Tropical Rainy Climates (A).....	239
8. The Dry Climates (B).....	267
9. The Humid Mesothermal Climates (C).....	289
10. The Humid Microthermal Climates (D).....	324
11. Polar Climates and Highland Climates.....	358

#### APPENDIXES

A. Köppen's Classification of Climates.....	381
B. Supplementary Climatic Data for Selected Stations.....	384

INDEX.....	397
