Contents

Contributors	xi
Editors' preface	xv
Keynote address to the 1977 Symposium SIR JAMES LIGHTHILL	xvii
Part I The large-scale climatology of the tropical atmosphere	1
Introduction R. P. PEARCE	1
(a) Observational studies	
1 Teleconnections of rainfall anomalies in the tropics and subtropics H. E. FLEER	5
2 Northern summer planetary-scale monsoons during drought and normal rainfall months T. N. KRISHNAMURTI AND M. KANAMITSU	19
3 The annual oscillation of the tropospheric temperature in the northern hemisphere R. K. VERMA AND D. R. SIKKA	49
4 Summer mean energetics for standing and transient eddies in the wavenumber domain T. MURAKAMI	65
5 Monitoring the monsoon outflow from geosynchronous satellite data. J. C. SADLER AND J. T. LIM	81
(b) Modelling and theoretical studies	
6 Predictability of monsoons J. G. CHARNEY AND J. SHUKLA	99

7	A review of general-circulation model experiments on the Indian monsoon	W. M. WASHINGTON	111
8	Simulation of the Asian summer monsoon by an 11-layer general-circulation model	A. GILCHRIST	131
9	Analysis of monsoonal quasi-stationary systems as revealed in a real-data prediction experiment	M. KANAMITSU	147
10	A model of the seasonally varying planetary-scale monsoon	P. J. WEBSTER	165
11	Wave interactions in the equatorial atmosphere – an analytical study	P. K. DAS, M. P. SINGH AND R. C. RAGHAVA	193

Part II The summer monsoon over the Indian subcontinent and East Africa

	Introduction	R. P. PEARCE	205
	(a) Observational studies		
12	The monsoon as reflected in the behaviour of the tropical high-pressure belt	Y. P. RAO	209
13	On the onset of the Indian southwest monsoon and the monsoon general circulation	I. SUBBARAMAYYA AND R. RAMANADHAM	213
14	Medium-range forecasting of monsoon rains	P. S. PANT	221
15	Sea-surface temperature and the monsoon	P. R. PISHAROTY	237
16	The effect of elevation on monsoon rainfall distribution in the central Himalayas	O. N. DHAR AND P. R. RAKHECHA	253
17	Use of the equation of continuity of water vapour for computation of average precipitation over peninsular India during the summer monsoon	S. N. BAVADEKAR AND D. A. MOOLEY	261
18	Determination of cloud cluster properties from MONSOON-77 data	Y. RAMANATHAN	269
19	Analysis of superpressure balloon trajectories and conventional observations over the Indian Ocean during different phases of the 1975 southwest monsoon	D. CADET AND P. OLORY-TOGBÉ	287
20	An experiment in monitoring cross-equatorial airflow at low level over Kenya and rainfall of western India during the northern summers	J. FINDLATER	309

- 21 Structure of the Somali Jet deduced from aerial observations taken during June–July, 1977 G. V. RAO AND H. M. E. VAN DE BOOGAARD 321
- 22 Certain aspects of monsoonal precipitation dynamics over Lake Victoria R. K. DATTA 333

(b) Modelling and theoretical studies

- 23 A numerical model of the monsoon trough P. K. DAS AND H. S. BEDI 351
- 24 On the monsoonal midtropospheric cyclogenesis over western India R. W. BRODE AND M. K. MAK 365
- 25 Downstream development of baroclinic waves in the upper-tropospheric monsoon easterlies suggested by a simple model experiment R. P. PEARCE 381
- 26 The stability of the monsoon zonal flow with a superposed stationary monsoon wave V. SATYAN, R. N. KESHAVAMURTY AND B. N. GOSWAMI 403
- 27 Growth of monsoon disturbances over western India B. N. GOSWAMI, V. SATYAN AND R. N. KESHAVAMURTY 415
- 28 Topographic Rossby waves in the summer monsoon SULOCHANA GADGIL 429

Part III The physics and dynamics of the Indian Ocean during the summer monsoon

- Introduction SIR JAMES LIGHTHILL 443

(a) Observational studies

- 29 Observations of the Somali Current and its relationship to the monsoon winds J. C. SWALLOW 445
- 30 Structure of currents and hydrographic conditions in the western equatorial Indian Ocean during the summer monsoon L. V. GANGADHARA RAO, V. RAMESH BABU AND V. V. R. VARADACHARI 453
- 31 Recent observations in the equatorial Indian Ocean J. R. LUYTEN 465
- 32 Sea temperature variations in the northeastern Arabian Sea in relation to the southwest monsoon V. RAMESH BABU, L. V. GANGADHARA RAO AND V. V. R. VARADACHARI 481

- 33 Heat budget of the north Indian oceanic surface during
MONSOON-77 R. RAMANADHAM,
S. V. S. SOMANADHAM AND R. R. RAO 491
34. The energy budget at selected stations over the north Indian
Ocean during MONSOON-77
R. R. RAO, K. V. SUNDERARAMAM AND M. R. SANTA DEVI 509
- 35 Observations of coastal-water upwelling around India
A. V. S. MURTY 523
- (b) Modelling and theoretical studies
- 36 A numerical study of surface cooling processes during summer
in the Arabian Sea M. D. COX 529
- 37 Maximum simplification of nonlinear Somali Current
dynamics L. B. LIN AND H. E. HURLBURT 541
- 38 Laboratory modelling of the oceanic response to monsoonal
557

Part IV Some important mathematical modelling techniques

- Introduction R. P. PEARCE 577
- 39 On the incorporation of orography into numerical prediction
models H. SUNDQVIST 579
- 40 Vertical motion in the monsoon circulation M. C. SINHA AND
O. P. SHARMA 601
- 41 A one-dimensional model of the planetary boundary layer for
monsoon studies SAVITA VARMA 615
- 42 The use of empirical orthogonal functions for rainfall esti-
mates P. R. RAKHECHA AND B. N. MANDAL 627
- 43 Applications of perturbation theory to problems of simulation
of atmospheric processes G. I. MARCHUK AND V. V. PENENKO 639

Part V Storm surges and flood forecasting

- Introduction SIR JAMES LIGHTHILL 657
- 44 Storm-surge prediction using numerical models
R. A. FLATHER 659
- 45 Numerical simulation of storm surges in the Bay of Bengal
B. JOHNS 689

46	Flood stage forecasting in rivers	S. CHANDER, S. K. SPOLIA AND A. KUMAR	707
	Index		719
