THE HUMAN AND ENVIRONMENTAL  
CONSEQUENCES OF NUCLEAR WAR

Mark A. Harwell

With Contributions by

Joseph Berry Doria Gordon  
Herbert D. Grover Christine C. Harwell  
Steven Pacenka David Pimentel

With a Foreword by Russell W. Peterson

Springer-Verlag  
New York Berlin Heidelberg Tokyo

# Contents

Foreword, by <i>Russell W. Peterson</i>	vii
Preface	xv
1 Introduction . . . . .	1
2 Scenario Development . . . . .	9
3 Initial Conditions . . . . .	17
Human Health Effects . . . . .	17
State of Physical and Biological Systems:	
Direct Effects . . . . .	51
State of Atmospheric Systems . . . . .	64
Local Fallout . . . . .	69
Global Fallout . . . . .	80
Summary of Immediate Effects . . . . .	82
4 Intermediate and Long-Term Consequences . . . . .	85
Major Problem Areas . . . . .	88
<i>Effects of Reduced Temperatures</i> . . . . .	88
<i>Effects of Reduced Light Levels</i> . . . . .	111
<i>Effects on Agricultural Production</i> . . . . .	121
<i>Societal Disruptions</i> . . . . .	130
Relatively Lesser Problem Areas . . . . .	136
5 Recovery Processes . . . . .	149
6 Summary of Consequences . . . . .	153
References . . . . .	167
Index . . . . .	177
